## **The Time is Now!**

**The Time is Now!**

This is the message I keep hearing.  
It's time to get connected with what we're here to do,  
who we're meant to serve. It's time to get on with the doing.  
The world needs us ... You! ... Me! ... everyone ... NOW!

Each time I've responded by upping the ante on what I'm doing.  
And still the message comes through, "More, more, more.  
Now, now, now."

We can't do it alone. We're not intended to.  
It's time to speak a message of Oneness and mutual support.  
It's time to ask for the assistance that will move us  
from getting ready to actually doing.  
It's time to shift into higher levels of consciousness,  
functioning and effectiveness.

I expect you know just how sticky difficult such times  
of evolutionary transition can be.  
May you experience the power of prayer and energetic support  
that can make such a big difference during times like these.

n/ Joy ... b/ Peace ... w/ Love ...
