Destiny

via Ann McGill - 1/30/2004

**I choose to live my destiny.
Think about it. What does this mean?**

How might your life change, if you chose to live your destiny?
How might you think-feel-behave differently?
Would your life get simpler? easier?
Would you feel happier? more content?

It is time for many of us to open to our destiny.
To give up trying to be what we want to be,
who think we are, or possibly still believe we should be.
It's time to be true to who we really are.

Are you ready...willing...able to let your destiny unfold?

I'm hearing there's good news for just about everyone
this year, whatever your destiny, or readiness to claim.
I'm sensing things getting easier, more obvious, ever
more wonderful for those who relax and trust and
deepen their faith that goodness IS already happening.
It can only reveal itself as fast as we're able to allow.

**Bottom line – You! are LOVED.
Believe it and you can do ANYthing!**

n/ Joy ... b/ Peace ... w/ Love ...
